Thanks for your email. I have weighed in with Sen. Brewer, Chair of Senate Ways & Means, about the issue and am working on a solution with other legislators from W. Mass. There is a supplemental budget moving through the legislature which I hope to get money included to keep the lab open. Thanks for your support on this!

Stan: I hate to bother you but wondered if you have heard anything about a reconsideration of the lab closing? We would appreciate any news you might have. Thank you again for your effort on this issue.
